- The Parow Muslim Association (PMA) was established in 1996 by a group of residents in the area.
- With the growing need for space to perform Salaah and Islamic education, a premises in Park Road Panorama, was purchased and converted into a Salaah Khana and a Madressah in 2000.
- As the Muslim community in the area continued to grow, the need for a larger and permanent structure to house the increasing number of Mussallees and Madressah students became prevalent.
- In 2008, the property we are currently situated in, 1 Wendy Way Road, became available. After many discussions with community members and after much deliberation, the property was purchased and The Parow Muslim Community Trust was established.
- The house was fully converted into a Masjid, with ablution services and classrooms added for the Musallees and Madressah students.
- In 2010, the property was made WAQF, meaning that it can never be sold and must be used solely for the purpose for which it was intended, to be a Masjid.
- In 2011 the Fiona Way property became available and again the community was approached to purchase this property with the intention of obtaining funds for the Masjid through rental income.
- As the years passed, our community has grown to well over 1000 members in and around Panorama, who all visit the premises to perform Salaah and for Madressah education, and has become a hub for spiritual activity.
- It has now become evident that our community and extended communities are extremely reliant on the premises for spiritual upliftment, and with that, our dreams of having a fully fledged Islamic Centre in the Northern Suburbs can be realised.
- Alhamdulillah, with the rezoning of the Fiona Way property, this property and the Wendy Way property can now be utilised as one Erven for the construction of an Islamic Centre.
- To realise the dream of having a fully fledged Islamic Centre in the Northern Suburbs, we again have to approach our community and extended community members if need be, for the establishment and finance of the PMCT Masjid Building Project.
- The PMCT Masjid Building Project consists of two phases.
- Phase 1 involved the rezoning of the Fiona Way property to create a single Erven in order to establish the larger Masjid complex. The Fiona way property will be completely demolished, and rebuilt into a 2-storey building with an option to extend and have a 3rd storey.

- Phase 2 of the Masjid Building Project involves repurposing the current Masjid structure on the Wendy Way property and linking up the 2 separate structures in a way that will allow for the facility to reach its full potential, and have adequate space for both the increasing numbers of Mussallees and Madressah students.
- Phase 2 however still requires council approval and these approvals will be sought once Phase 1 of the structure has been completed. Approvals for phase 2 of the Masjid Building Project can take up to 5 years to obtain.
- With the assistance of our community, we expect Phase 1 of the Masjid Building Project to be completed by August 2021, Insha-Allah.

PHASE 1

WHAT IS BEING BUILT?

Ground Floor Level (409m²) :

Creche (79m²)
3 Classrooms (34m² each)
Kitchen 1
Male Toilets & Ablutions
Female Toilets & Ablutions
Madrasah Principal's Office
Outdoor Play Area

First Floor Level (409m²) :

3 Classrooms (37m² each)
1 Large Classroom (79m²)
Kitchen 2
Male Changerooms & Toilets
Female Changerooms & Toilets

The Reinforced Concrete Roof
SLAB (409m²) will serve
as the future Second Floor

The use of large stack-away doors between the new classrooms of Phase 1 will result in independent mini halls on ground floor and on first floor, with their respective kitchens. These mini halls will be rented out to provide income for the Masjid. These hall open areas will serve as an extension of the main Masjid when the need arises for additional kneeling spaces.

Building Phase 1 will allow the current classrooms, mini hall and kitchen to be incorporated into the Main Masjid, increasing the capacity of Masjid, to serve the needs of our growing Muslim Community.

MASJID

FUNDING REQUIRED

Being a fairly large project, with the entire Fiona way property to be demolished and rebuilt with a usable area of over 800m², Phase 1 of the PMCT Masjid Building Project inclusive of labour and materials is expected to cost approximately R11 million.

In anticipation of the project, the PMCT has spent a number of years saving funds for this very purpose and to date we have managed to put aside an adequate amount for use in the project. However we are still a long way from being able to complete this project, and it is for this reason we require your contributions.

With the assistance of the Panorama Muslim and extended communities, and most importantly through the Qudrat of the Almighty Allah (SWT), we are confident that we will obtain the funds necessary for this project, which will service not only this community, but future communities in the years to come.

With this, we humbly appeal for any and all assistance, to make this dream a possibility.
